Improving your Digital Photography

**2 day workshop; Saturday March 6, 1-5pm
& Saturday March 13, 10-5pm**

This course is designed for those wanting to improve the look of their photos and to better understand how to use their digital cameras.

Do you look at you pictures and wonder why they are out of focus, crooked or washed out?

Do you want explore and feel confident using your cameras functions, like the white balance, exposure compensation, flash/flash fill controls, anti shake functions, and more?

Some basics in digital printing will also be covered.

About the tutor;

Lisa Moore has been taking photographs for 30 years and spent 20 years working in the commercial photography and video sectors. Currently she exhibits her photographs and works in the digital mode. The art of photography still continues to challenge and excite, so let her share some of the knowledge gained with you.
